Education

University of Southern California, Los Angeles, CA, US — Aug. 2012
Ph.D in Civil Engineering (Advisor : Patrick J. Lynett)
- Dissertation Title : *Wave Induced Hydrodynamic Complexity and Transport in the Nearshore*

Texas A&M University, College Station, TX, US — Dec. 2011
M.E. in Civil Engineering (Advisor : Patrick J. Lynett, relocated to USC)
- Research Topic: *Coupled Numerical Model for Lifeline Tsunami Evolution*

Seoul National University, Seoul, Korea — Feb. 2002
M.S. in Civil, Urban and Geosystem Engineering (Advisor : Kyung-Duck Suh)
- Thesis Title : *Calculation of Irregular Wave Reflection from Perforated-Wall Caisson Breakwaters*

Seoul National University, Seoul, Korea — Feb. 2000
B.S. in Civil, Urban and Geosystem Engineering

Employments

Korea University, Seoul, Korea — Sep. 2015 - Present
Assistant/Associate/Full Professor

University of Southern California, Los Angeles, CA, USA — Jan. 2019 - Aug. 2019
Visiting Faculty

University of Ulsan, Ulsan, Korea — Sep. 2013 - Aug. 2015
Assistant Professor

University of Southern California, Los Angeles, CA, USA — Sep. 2012 - Aug. 2013
Postdoctoral Scholar - Research Associate

University of Southern California, Los Angeles, CA, USA — Sep. 2011 - Aug. 2012
Graduate Research Assistant

Oregon State University, Corvallis, OR, USA — May. 2009 - Jul. 2009
Visiting Graduate Researcher in O.H. Hinsdale Wave Research Laboratory
- Performed experiments of solitary wave evolutions over a 3D shallow shelf (funded by NSF)

Texas A&M University, College Station, TX, USA — Aug. 2008 - Aug. 2011
Graduate Research Assistant

Hyundai Engineering & Construction Co., Korea — Mar. 2002 - Jul. 2008
Assistant Senior Engineer

Certificates

Professional Engineer (#79108PE), OR, USA — since 2007

Information Processing Engineer, Korea — since 1999

Editorial Services for SCIE-indexed Journals

Section Editor, **Geoscience Letters** — since Dec. 2023

Associate Editor, **Journal of Hydro-environment Research** — since Mar. 2022

Associate Editor, **Coastal Engineering Journal** — since Jul. 2019

Topical Editor, **Applied Sciences** — since Jul. 2021

Guest Editor, **Journal of Marine Science and Engineering** — July 2019

International Conference Organization and Service

Local Organization Committee, Seoul, Korea, — Jul. 2021
9th International Symposium on Environmental Hydraulics (ISEH)

Local Organization Committee, Busan, Korea, — May. 2018
International Coastal Symposium (ICS)

International Coastal Engineering Committee & TPC member — since 2018
International Society of Offshore & Polar Engineering Conference (ISOPE)

Local Organization Committee, Incheon, Korea, — Aug. 2016
International Conference on Hydroinformatics (HIC)

Honors and Awards

Minister's Commendation — Mar. 2025
Minister of Land, Infrastructure and Transport, Korea

Academic Award — Jan. 2024
Korea Water Resources Association, Korea

Academic Award — Feb. 2022
Korean Society of Hazard Mitigation, Korea

President's Commendation — Dec. 2020
Korea Society of Civil Engineers, Korea

President's Commendation — May 2020
Korea Water Resource Association, Korea

Best Paper Awards, KOSHAM Annual Conference — Feb. 2019
Korean Society of Hazard Mitigation, Korea

Minister's Commendation for Supporting Services of Hazards Mitigation — Jan. 2019
Ministry of the Interior and Safety, Korea

Best Paper Awards, KSCE Annual Conference — Oct. 2018
Korean Society of Civil Engineers, Korea

Best Presentation Awards, KWRA Annual Conference — May 2017
Korean Water Resource Association, Korea

Best Paper Awards, KSCDP Annual Conference — Nov. 2015
Korean Society of Coastal Disaster Prevention, Korea

Best Paper Awards, KSCOE Fall Conference — Oct. 2013
Korea Society of Coastal and Ocean Engineers, Korea

Chester P. Jelesnianski Scholarship — 2010-2011
Zachry Department of Civil Engineering, Texas A&M University

Joseph A. Orr. Fellowship — 2008-2009
Zachry Department of Civil Engineering, Texas A&M University

Scholarship Assistance — 1997-1999
Seoul National University, Korea

Professional Memberships

American Society of Civil Engineers(ASCE) | Coasts, Oceans, Ports and Rivers Institute(COPRI) | American Geophysical Union(AGU) | European Geosciences Union(EGU) | International Associationof Hydraulic Engineering and Research(IAHR) | Coastal Eduation & Research Foundation(CERF) | International Society of Offshore & Polar Engineering(ISOPE) | Korean Society of Civil Engineers(KSCE) | Korean Water Resource Association(KWRA) | Korean Society of Coastal and Ocean Engineers(KSCOE) | Korean Society of Hazard Mitigation(KOSHAM) | Korean Wetland Society (KWS) | Korean Society of Ocean Engineers(KSOE)

Research Interests

High-performance, Immersive Numerical Modelling of Ocean Waves with Multi-scales
- Development of hybrid-architectural/parallelized/GPU-accelerated/immersive model for coastal processes by long waves.

Turbulence-dominant Processes in the Nearshore
- Study on the physical diversity in estuarine flows such as wave-current interaction, freshwater-seawater mixing, wave breaking, wave-bottom interaction

Tsunamis and Storm Surges Modeling with an Advanced Accuracy and Efficiency
- Improvement of tsunami modeling tool with better physical understanding, numerical skills and high-performance computing system. In particular, coupling between hydrostatic and hydrodynamic models is of interest.

Modelling Sediment Transport by Shallow, Dispersive and Turbulent Flows
- Numerical study on sediment transport by long waves using a depth-integrated 2D approach
